As a health plan and health care provider with more than 65 years of experience, Kaiser Permanente is in a unique position to pair grants with our other assets— including medical research, the expertise of our physicians, and our own community programs— to make a greater impact on community health. Through our Community Benefit Program, Kaiser Permanente supported the following organizations to address three priority health needs identified in the latest Community Health Needs Assessment. Kaiser Permanente may also support the following organizations through board participation, volunteerism, and technical assistance.

Increase Access to High Quality Health Care and Services

- **Clinic by the Bay (Volunteers in Medicine) - $30,000**
  The Chronic Disease Management Program increases patient-centered care to address the high incidence of diabetes, hypertension, hyperlipidemia, and thyroid disease among working, uninsured adults.

- **Curry Senior Center - $50,000**
  This project provides one-on-one health education to diabetic seniors using education, goal-setting, and consistent follow-up visits as an adjunct to medical health checks.

- **Huckleberry Youth Programs - $50,000**
  Huckleberry Youth Programs provides targeted health education and outreach to increase access to culturally competent care among low-income and high-risk youth, including non-English speakers and others facing health disparities.

- **Little Brothers – Friends of the Elderly - $15,000**
  This effort supports isolated SF elders by expanding current programs to keep them active and connected, including a new Medical Escort & Transportation project and Personal Emergency Preparedness Kits.

- **Project Homeless Connect - $25,000**
  Project Homeless Connect #52 in December 2013 provided over 200 services to San Francisco’s homeless in one place, on one day, with 1,200 volunteers.

- **San Francisco Court Appointed Special Advocates (SFCASA) - $20,000**
  Through one-on-one court appointed volunteer advocates, SFCASA ensures that foster youth receive the consistent health services they require to promote their well-being.

- **The Arc of San Francisco - $30,000**
  The Arc seeks to expand, evaluate, and model its Health Advocacy Services, a program that improves health outcomes for adults with developmental disabilities.

Increase Healthy Eating and Active Living (HEAL)

• On Lok Day Services - 30th St. Senior Center - $20,000
  Always Active is an evidence-based wellness program for diverse seniors which aims to increase activity level, improve health, and help them live longer and independently.

• Parents and Teachers of Buena Vista Horace Mann - $23,000
  The Thriving Schools grant is being used to supplement two PTA-sponsored programs, recreational leadership and dance instruction, and grow the Safe Routes to Schools program by providing pedometers to participating students.

• Seven Tepees Youth Program - $25,000
  The Get Fit! Program provides underserved San Francisco youth with the skills, knowledge, and support they need to lead healthier and more active lives.

• Tenderloin Healthy Store Coalition - $25,000
  This project will build sustainable infrastructure to shift the Tenderloin retail environment from unhealthy influences to increased offerings of fresh, healthy, and affordable foods by empowering resident leaders.

• YMCA of San Francisco - $50,000
  The YMCA will integrate evidence-based nutrition and wellness curricula into existing youth programs in three San Francisco communities facing grave health disparities: the Bayview, the Mission, and the Western Addition.

Ensure Safe and Healthy Living Environments

• Center for Wellness and Achievement in Education - $20,000
  The Anti-Bullying Initiative augments the Visitacion Valley Middle School Quiet Time Program, providing mentoring and weekly check-ins to students with bullying or violent behavior.

• Huckleberry Youth Programs - $50,000
  Huckleberry Youth Programs received a grant to improve their overall approach to trauma-informed care, improve trauma screening, augment on-site services, and expand referrals to partner agencies.

• Instituto Familiar de la Raza - $50,000
  Peace Dialogues is a trauma-informed cultural intervention program that reduces violence and increases resilience among at-risk Latino youth through case management, behavioral support, and leadership development.

• Habitat for Humanity of Greater San Francisco - $50,000
  The Neighborhood Revitalization Initiative will facilitate more than 14 park restoration projects in the Bayview to increase park safety and participation of Bayview residents in local park activities.

• La Casa de las Madres - $25,000
  Teen-specific domestic violence services, crisis response, individual and group intervention, and prevention education equip youth with knowledge and tools to avoid and escape abuse.

• Quesada Gardens Initiative - $10,000
  A groundbreaking Asian outreach and community garden project in San Francisco’s Bayview Hunters Point neighborhood addresses the needs of an underserved group facing serious health challenges.
